

NMC-350

Cable stripper

Tool NMC-350 is designed to remove the insulation and trimming with twisted pair. The presence of the wheel for fine adjustment of the depth of the knife moves allows you to make an accurate cut without damaging the insulation of the conductors under the outer shell. A distinctive feature of the NMC-350 is the presence of a spring-loaded cradle for a smooth and uniform course when scrolling around the cable. And the ergonomic design will provide even greater comfort when working.
