

NMC-CTV290-20-HB-xx-10

NIKOMAX Velcro fastener with a rigid buckle, 10 pcs.

Cable fasteners based on textile fasteners are designed for cable banding (bundling), as well as for fixing cables and patch cords to trays, organizers and other suitable equipment. Textile cable ties have a simple design, on the one hand contact tape, on the other micro loop. The soft texture of the cable ties eliminates the risk of damage to the cable bundles. A reusable solution that provides quick and convenient installation. Textile cable ties NIKOMAX are made with a rigid clasp. Also available options with different colors.
